

# OUR INTEREST IN THE FUTURES MARKET IS SIMPLE.

We don't yield.

The Australian Derivatives Exchange is offering smart traders access to Australia's first ever single interest, 3 month futures product, settled in cash.

It's a product that places ADX in line with the rest of the world and allows smart TRADERS to become global players.

So why yield to tradition when you can trade smarter with ADX?

# WE'VE FIXED THE TICK.

Why did the Australian Derivatives Exchange fix the tick?

To put Australia in line with the rest of the world. And that's just where it should be!

ADX offers smart traders access to Australia's first ever fixed tick 3 year futures product.

Superior hedging for smarter traders.

# 3 REASONS WHY WE DISPATCHED THE GUIDED MSCI AUSSIE.<sup>®</sup>

- Precise Targeting
- Pinpoint Hedging
- Horse in on 57 leading Aussie stocks.

The MSCI Aussie is part of the MSCI group of indices, the benchmarks that are most widely used by international portfolio managers.

So for those traders who want buybacks rather than just target practices, The Australian Derivatives Exchange and the MSCI Aussie are the best weapons you can use.
